Shipping Notes.

On Sunday the C. B. Kenney and Edward May will get away for San Francisco with sugar. The freight steamship Oregonian will arrive here on time, from New York. She was detained at Montevideo for five

days but is now on her way here. It has been decided by the Sailors' Union that a petition be sent to the Coast asking for the removal of Baugh, the local agent of the union, on account of his lowering the union wages here.

Coptic Off Port.

The Occidental and Oriental steamship Coptic arrived off the harbor last night, shortly before 11 o'clock, from the Orient. She will come into port the first thing this morning, sailing some time this afternoon for San Francisco, taking mail. ----

COST OF CRIME.

Criminals are very expensive members of the community. They cost the people of this country about \$1,000,000,-000 a year. If their increase could be prevented it would be a paying investment to give each of the 250,000 accepted criminals a monthly pension of \$300, on the condition that they take a life vacation from the strenuous de- ON EASY monthly payments; educamands of their profession. But we accept the criminal as a part of our civilization-or barbarism-and pay the enormous cost of maintaining him. The average annual income of professional criminals is estimated at about \$1,600. This means that the community pays them a yearly salary of \$400,000,000. After this is spent for their Port Blakeley.

O. & O. S. S. Coptic, from the Orient; 000 for their detection, conviction and support, under national, state, county and city auspices. The urban population has to pay the larger share of this, or 30,000,000 people in cities have to pay \$105,000,000-\$3.50 per capita, and King Street, near Walkiki Turn. Tel. the suburban population of 45,000,000 \$1 each, or \$45,000,000. In addition to this

of human life lost through crime, the commodated. expenditure necessary in the attempt to guard against loss through law breakers, and we find that \$1,000,000,000

is not a large estimate. Imagine, if you can, the effect of 19 abolishing crime, and then you will ap-24 preciate the ramifications that crime 26 runs into, and why it is such an enor-31 mous expense. Think of there being no criminal courts, with their expeglenced officers, attaches and buildings, and no jails or penitentiaries with their costly maintenance; no police force, excepting to look after matters entirely outside the realm of crime; no coroners or coroners' juries, no incendiary fires, or other criminal injury to person or property; no necessity for safes or safety deposit vaults excepting to BORN.

SILVA—In this city, July 18, 1901, to the wife of M. J. Silva, a son.
